Bought this and it works like a charm and it's easy to do.

Layout 9/10

The layout is simplistic and not too overly complicated. Some images could be added to make it clearer for those who might not be great at reading english.

Punctuation 10/10

I couldn't spot a single punctual mistake, 10/10 perfect.

Grammar 9/10

There were no grammatic mistakes, read through this a few times and I couldn't spot any. You'll survive :P

Method 10/10

Methods are genius! You'll have no problems setting this up or working with this. It's Well Written and the methods are unique .

Does it have to mix it up i.e. one paid with credit card, another one with referral or it doesn't matter ?
Is it safe to stack up free rides ?

I purchased this and have tried the first method. It is outdated if you want to do it for free. If you don't mind paying a LITTLE extra (or finding an alternative) then it's hassle free.

I found an alternative and works fine.

Also had problems with something else, but also figured it out on my own.

I have not tried the other two methods yet, but OP should definitely update the first method as it is old and the information he gives you will not work.

ALSO, UberEats does not work in my area (fuck me right), so if your interested in mainly doing that (like me) then I would suggest checking the UBerEats website to see if your city is available.

However, the methods are not outdated. If you purchased yesterday you received an eBook with "important notes". Follow those, and the "old" methods still work contrary to your belief.

A lot of the other people who purchased this eBook are still using the methods just fine, so you're probably just doing something wrong.

In any case, I've responded to your PM to help you with your problem, let me know if you experience any other trouble.

too much haha. That is one of the methods, but the main method is MUCH better than that. :)

Also Paypal is now available, for people interested in buying the eBook!

Bought the eBook and it's working flawlessly. I've already gotten four free rides within the past 4 hours of purchase.

I haven't checked the other two methods but they seem pretty easy just like the first method.

I haven't taken public transit or paid for a taxi in over a month.
Best investment I've made in a long time.

I even managed to stack up enough Uber ref credit to take a ride out of town with over 1.5hr driving time to visit a lady friend!

I bought the methods a couple of days ago and I have to say the method is very well explained, sadly, Its not available to use it in my area (I live in Mexico) so I wasnt able to use the methods. The seller kept his word and gave me a refund because the method didnt worked for me.

Service recommended.
