Nightmare is getting rebranded within the next 24 hours. I had a good time with the group and I feel like it's time I've run a group properly.

Shoutout to all OG Nightmare members btw <3

I know Nightmare wasn't impressive and I know that I didn't run it well but the new group will be nothing like Nightmare.

Stay tuned.

good luck mate.

What topic will your group be focusing on after the rebrand?

Marketing/Money making.

Nightmare didn't really have an aim. All of the general groups tend to fail at some point so not gonna make the same mistake again.

@Jupiter - January 17, 2017, 8:28 am

If I don't get invited to the new group, I riot.

Patzan - January 17, 2017, 8:30 am

You should accept people into the group for those 24 hours ;)

I'll try my best and this time I won't just invite randoms or sell buyins.

Btw what does a rebrand do?

(Jan 17, 2017 09:37 AM)Pharah Wrote: [\[CITE\]](#) What is it going to be?

Usually it involves kicking all of the current paid users, and MAYBE change the name/userbar, then selling the invites back to the people who already bought one.

It's how group owners make money.

Wakka - January 17, 2017, 8:39 am

Like change the group name from Nightmare to something else, the logo of the group and the main concept of it.

It's not that expensive to rebrand it. Guaranteed profit between the buy ins and the cost to rebrand.

Was great being apart of Nightmare for the time I was in before unfortunately going on an unannounced hiatus from HF due to my personal life and being (obviously and expectedly) removed from the group.

Sad to see the group come and go but I have high hopes for the re-branded group and know you will do right by it.

Good luck Grim and the future group members!

Steve - January 17, 2017, 8:59 am

Groups are getting rebranded left and right. Has the group scene always been this dynamic?
Anyway good luck with your new group Grim.

Lol come on

That and selling signature spaces too. It feels good when you make money off your HF account stats.

And for your info, HF isn't even my source of income but last year I made like \$90k off HF without a single \$ investment and that too without even a proper thread design.

<https://hackforums.net/showthread.php?tid=5109974>

I'll start selling again on march this year.

And I work with non HF members because they are mature. Site which I use for money making and stuff charges \$100 a month. I use HF just to kill time.
