Thread: [Think of a name for my company and win \\$5.](#)

Kavalli † - January 19, 2017, 8:38 am

Hello, I'm starting a make-up company with a friend of mine I need help thinking of a name. Drop some suggestions and if i like it i'll send you \$5.

I want something elegant, maybe in latin, or greek, maybe in reference to greek goddesses. Something nice. also want it in this format ____beauty. So whatever you think of, the word beauty has to come after it.

Looking forward to see what you guys come up with.

Diana Beauty, Freya Beauty, Hera Beauty, Themis Beauty, Athena Beauty

<http://www.gods-and-monsters.com/greek-goddess-names.html>

That will definitely help, they've got amazing names which could adapt to a make-up company perfectly.

Good luck!

What do you expect?

OP is asking for suggestions for a make-up company.

Shall we call it 'ur girls daddy beauty?'

Empyrean Beauty << belonging to or deriving from heaven.
Meraki Beauty << to do something with soul, creativity, or love; when you leave a piece of yourself in your work.
Kalon Beauty << beauty that is more than skin-deep.
Elysian Beauty << beautiful or creative; divinely inspired; peaceful and perfect.
Zephyr Beauty << a gentle, mild breeze. Does not disrupt, nor cause chaos, it merely brings a pleasant sensation on a warm summer day.

Yeh, I like those. Can post more if needed.

Considering my own experiences, best approach when giving a name to your company is to use "a color" + "an item"

For example....

Blue Key
Black Owl
Red Gate

However if you'd like to use Beauty it's still good I think and can "sound" nice to the customers.

Like...

Beauty Chloris (goddess of flowers)
Or Chloris Beauty

Some other: CalypsoBeauty, BlackBeauty, WhiteWing, MatrixBeauty, VenusBeauty

What I want to tell is that thinking of a proper name involves psychology as well.
You need to choose the name that sounds "emphasized" when customers say it.

For example: When you say "Red Gate" or "Red Cross" you somehow "feel it".
On the other side when you say something like Graphic Beauty it makes no sense.

Why Conscientia? Well, females tend to be conscious of their own beauty, and it's latin so it's cool.

Hmm not a bad idea of business choice girls are so easily led. I would like to think this business would be somewhat profitable as long as it was advertised a bit maybe if you did like a makeup beauty kit that would definitely get some buyers! Good Luck would love to hear in a couple of months how the business is going. :D

Just spray a bunch of Chinese letters and put "Sensual" at the bottom.
