Im getting really tired of hackforums not giving people repercussions for scamming like wtf its like y'all just dont care wtf is going on this kid scam me then changed his name and he gets away with it and know i lost out -\$55 this shit brazy and i got solid proof SMFH.

before i give it to him

<https://gyazo.com/aa41dd24b1fb5c190a1b17bcf9d46cab>

then when i give it to him

<https://gyazo.com/0660f2ddf9ff2ff55b1befdd8b97791b>

Now are convo

<https://gyazo.com/cb61f48ca263c7dc9bf2196568d4d8>

Then he never reply

You're really meant to wait 24 hours before posting a report. But his trust scan looks a little fishy 4 unique IP log ins.

I've left a negative reputation on his profile warning others to search his UID before dealing so hopefully that stops him from scamming anybody else.

Sorry you got scammed by him.

Yeah did the same.

Not sure if negging because of a Scam report is allowed tho.
