I watched part 1 and 2 and it was good. Wish it was a series instead.

I've seen this about two times. Really enjoyed it, and actually found it better the second time, cause I was more understanding of it after the first time.

Number 2 is also really good. I prefer the first though.

Yeah very good series I must admit.

I prefer Hunger Games though.

I thought both movies were dope but I definitely prefer the first one.

The first one was really great love how it kept you guessing, the second one wasn't really good imo.

I personally hated the movie, mostly because I read all the books and the movie was not how I imagined.

Loved the books though, one of my favorite series.

First one had much more suspense, and so much action. #1 is much better.

First is always better than the second unless it's Rush Hour lol

Read the first book and then 3 months later the movie production was announced.
The first movie was very well done.
