A Guy Wants To Pay Me For NOTHING - Motivation Monday!

<https://gyazo.com/509999f6990db4abc35ca04d73fa36b5.png>

How To Get Guys This Far

(to pay you without anything in return)

1. Advertise as someone who seeks mature men
2. Tell them you aren't doing well, explain why (this is part of your SE skills)
3. Tell them you sold really well earlier, but you got issues for the past few days
4. Compliment them, talk to them, let them enjoy you for 5 - 10 minutes (while talking to others)
5. Tell them you find them really sweet & enjoy the talking, BUT you have to make at least \$30 today, so you can't chat all day
6. (if they understand, continue, if they don't, block.)
7. Don't talk for like 20 minutes, tell them you got fooled by a guy with trust issues + explain why (this was 1-2 minutes of writing for me)
8. (If he doesn't already offer you money for free)... ask for \$25 - \$50 to "start off with" but tell them "if you can help me out with \$25 - \$50 today, you'll get 50% discount in the future once I'm financially more stable (few days)

This brought me A LOT of customers (low-paying, but still!).

I don't "push" sugar daddies, I play with their feelings.

Those who want to buy nudes, are buying nudes fast.

This is just a (long) way to get free money without giving anything in return.

Proof of him sending \$25 (conversation):

If you guys doubt me, I will upload the photo of PayPal later.

I'm going offline for a bit now, so I hope I did motivate you (with my tips)! ?

Happy WhoringNot sure what you mean with "Happy Whoring", since I'm not really thrilled to do it, but thanks.

I just eWhore for like 30-60 minutes a day, so I can slowly gain some side-money while focussing at my (blackhat) projects.

Don't worry, they are not HF related projects haha. ?

(Jan 23, 2017 08:31 AM)Basicallyturtle Wrote: [\[CITE\]](#) What site did you post on and what application did you use?Lol, it's not about the site.

You should work on your SE skills, as I mentioned at my thread, which works (feel trip) on almost everybody who got empathaty.

www.kiksexting.com

www.sextwithme.net

www.kikboys.com (+ kikusernames.com automatically)

Are the sites I'm using (and used) for the past months.

This is including 1 other "private" traffic source, which doesn't bring me a lot of traffic yet it's HQ as fuck.

Joking man, I appreciate your kind words and glad to see that you're extremely satisfied with my eBook!

I don't share "tips" often, as I like to "brag to motivate" new members, but I felt like sharing this one. Been using it for a while and works better than "need rent :(" or "wanna buy 25 nudes for \$25".

Mr.JohnnyMix - January 23, 2017, 6:02 pm

OP, you're a guru! lots of things to learn from you and your great SE tips. You're truly a HF legend! thanks for everything!

? Quick ? - January 23, 2017, 6:54 pm

Nice thread OP. Keep it up.

limb3r - January 23, 2017, 7:05 pm

Good stuff, as always. Really think I might get your ebooks. Defo will if sales pick up. Everything strangely dried up for me in a hurry. Smh.

Are you a member of any other (blackhat) forums?

Tony - January 23, 2017, 7:11 pm

Great motivation. It's that sort of creativity that everyone needs! Nice job. Thanks for sharing

Are you a member of any other (blackhat) forums?Thank you man, I sold a lot of copies (signature eBook) yet not everyone who bought leaves a reply / feedback.

Anyway, I'm glad you consider it, I bet it'll benefit you.

Regarding other forums, I do not discuss this.

I am member of many sites, under several nicknames, but it's irrelevant for my eWhoring eBooks / skills / revenues.

eWhoring has become a "passive income" for me, as I do not eWhore actively anymore as I used too (doing other projects).

Got a guy who pays me \$50 a day (\$400 in a week, last day will be \$100) just to talk to him and tell him my secrets.

Good for you man.

\$50 a day isn't really that "special", but it's consistent.

This is something I teach my "students" (eWhore mentoring) to get a bond with their customers (and how) to get a consistent flow of revenues.

CJ1337 - January 24, 2017, 7:21 am

Great tips and thank you for the SE pointers! :D

He's not my only loyal customer though.

Stop using my motivation thread as your low-key advertisement page... (or whatever, just stop).

I know you earn with eWhoring, but do you hear me talk about every single one of customers or am I perhaps using 1 recent example of my customers as motivation?

I hope you get it, because I can't appreciate it if you keep posting your "\$50 a day from 1 customer" posts (while you got more loyal customers, so \$200 a day???)

Feel free to create your own bragging/motivation thread or keep your revenues for yourself.

This thread is to help / motivate others, not for "ewhores" to discuss their revenues / loyal customers. ?

Thanks for these tips dude, trying to come back into E-Whoring after a few months.

Is Kik really as saturated people tell me or is that such a try to have less competition?

KapiteinPlus - January 24, 2017, 4:13 pm

Simple trick right? Its all about you communication skills

Don't see how that will benefit any of us.

Either way, you seem to reply to / find me anyhow. ?
