Okay, so how exactly do you plan on doing this? Just curious.

I'm all for preventing scams, but you sound like a superhero or something.

I will refund all the users that have been scammed starting now. Only if the dispute is not solved within 10 days. I will only refund up to \$500 via bitcoin.

Also i will find who ever the scammer is, track down every piece of dirt on the user and I will fuck him up.
