WINNING NUMBERS

545 360 615 774

If you win, it is your responsibility to PM me with the link to your post and how many you matched. I am allowing a TWO WEEK window to claim your prize(s)! Prizes will be sent out in two weeks and no more PMs will be answered after that. There are NO exceptions, especially for vacbanned/banned members. Good luck to all.

NO MORE ENTRIES ALLOWED! THREAD WILL REMAIN OPEN FOR DISCUSSION ONLY.

Winter Lottery Contest

About

This contest is very simple and it's free to enter for ALL users. To enter, you must guess four numbers from 1 to 1000. One month from now, February 25th, I will randomly draw four numbers, and depending on how many you match, you will receive a prize. Obviously, the odds of matching more than one are incredibly low, which is fair considering how large the prizes are.

Participation Guidelines

Account must be in good standing

You must have no active deal disputes

Your total reputation may not be negative or zero

Your account must be at least 2 months old

You must not be on my ignore list

How to Enter

Simply post four numbers of your choice between 1 and 1000. On February 25th, I will draw four random numbers via livestream. The more numbers you match, the better your prize is. Any edited entries will be disqualified. If you delete your entry, you may not post again. Once you submit your numbers, they may not be changed. ONE ENTRY PER PERSON.

Example:

Quote:My guess is 192, 56, 526, and 250

Prizes

The only reason you even clicked on this thread was because you saw "Incredible Prizes" in the title. I wasn't lying.

*

3 Matching - Choose any two items from the previous category and one item from below\$225 BTC

4 Matching - Choose two items or one item with an asterisk (*)\$750 BTC*

Winning numbers: 545 360 615 774

It will be your job to PM me if you've won any prizes. Please PM me the link to your post after I announce the numbers. Good luck ?

There's no loophole. Any entries that are edited will automatically be disqualified. Any double posts will be disqualified. Thread will be locked before I livestream to prevent cheaters, and the entire thing will be broadcasted live. To be completely honest I don't see a loophole.

If you pick 3, then you may not edit your post to add a 4th. I will be going through the entries tonight to see if anyone has been double posting.

Dean Winchester? - February 1, 2017, 5:33 am

There's like a 24/10000000000000 chance that any one person gets all 4 numbers, no wonder your prizes are high ?

I didn't realize we could choose anything from 1-1000 until now, that's just insane.

If one million people enter there is a 0.002% chance that anyone gets four numbers, if one billion(!!!) people enter that chance increases to 2% lmao.

Jesus christ mate, you're rude as fuck. Can't you see OP is just trying to help some people out?
People that are less fortunate to purchase things that they want to?

Yunatic_500 - February 20, 2017, 4:53 pm

This is interesting. Isn't this like there's 0.16% chance to match one out of 4 of the numbers? to get the second one it would already be near impossible.

It's free and hundreds of people guessing. Goodluck everyone!

I'll pick number 52, 126, 563, 824.

Tommy Chong - February 20, 2017, 4:56 pm
