Most likely he is friends with Nexio but that's besides the point, the rep seems valid. Just move on and don't worry much about it.

edit: nvm Motusora good job

here's a few guide since you're too lazy ..

What are examples of invalid scammer reputation?

- Ripped me off in a currency exchange in Skype
- This member stole \$100 from me
- member has open scam reports
- Multiple account scammer
- scammed my friend
- chargeback on payment
- known scammer
- tried to scam
- took my money and didn't provide service
- this guy is a thief and will rip you off

Someone left me a Deal With Caution reputation, isn't that abuse?

We do not consider DWC (Deal With Caution) reputations abuse by itself. We consider it good advice for all members in all situations when doing deals.

How do I report an invalid scammer reputation?

We suggest you send them a Private Message informing them of site policy and the consequences unless they alter the reputation within 24 hours. Give them that time to alter it. Do not report the reputation to an admin until that 24 hours has passed. Do not threaten the member in the PM. Instead copy/paste this:

Code I am sending this PM to you because you've given me an invalid scammer reputation. Policy dictates that I send this text to you. HackForums policy requires that all scammer inferences in reputation require a link to a Deal Dispute forum thread that you have created. Either you didn't leave a link or the link you did leave is to a thread not created by you. As such you have 24 hours to alter your reputation to be within policy. Failure to do so will result in your reputation being reported to an admin which can result in severe action against your account. If you'd like to confirm this policy please read this help doc:

I wouldn't worry about it, apparently his account is closed now, he must of been annoying Omni or something.

Well so it says but he's returning on the 28th of feb. So you could drop him a PM?

Caliban - January 26, 2017, 2:14 am

I doubt that people will say you chargebacked on them if you did nothing

Yeah I guess putting "chargeback" or w/e isn't allowed so I think Omni would remove them
