Thread: [Giving away a New 3DS XL!](#)

**SocialKiller01** - January 26, 2017, 5:14 am

Hello everyone! What happened to me today is unbelievable. I ordered a New 3DS XL, and I got two! I decided to give it away, since I felt like I had to give something back to the community. You do not have to be Leet+. This is for everyone. Just leave a comment. I will pick the winner using:  
<http://www.miniwebtool.com/random-name-picker/>

I do not know when I will pick the winner, probably when the thread is dead. Or if there are too many people entering ( That is a lot to fill in in the name picker, haha)

I post it in this subforum, because I do not have access to the marketplace.  
Will move to the marketplace when I am positive rep. Do not worry, people commenting on this thread will not have to comment again  
May the luck be in your favor ?

If you live outside europe, shipping is yours, sorry.
