Thread: [Battlefield 1 VS COD IW](#)

Which one do you prefer?

My personal favorite is Battlefield and I feel that Infinite Warfare is shit.
In fact the only reason I bought IW was because it came with MW Remastered!

d4ne - January 27, 2017, 11:12 am

Battlefield 1 for sure. Cod is currently just bringing the same shit over and over again.

Yup! Also I feel COD is for 12-year olds wannabe gamers

Me neither. Especially BO3. That one sucked hard.

I mean, i love the COD BO2 and all the rest below the BO2.
but from BO3+++ all of them are shit in my opinion.

I love the COD series but there was a few games that were absolute trash, battlefield one for sure but I can't play online due to my data restrictions.

M?dara - January 28, 2017, 8:56 am

I prefer battlefield 1 to be honest

I like COD Story , stylish kind of but Multiplayer bullshit . I personally dont like unrealistic Multiplayer game , just flying around and also a game which weapons don't have recoil :D

I have and always will be a cod fan for life so of course I will pick cod. I played the bf1 beta and it was pretty good. It takes a million years to get across the map though on that sand map

HighTier - January 28, 2017, 9:51 am

I prefer to play Call of Duty.

Thanks to you for the free delivery but i mentioned for all COD series , i have all and the one you gave me is sadly USA region locked so to download that i have to use VPN :/ and it gives slow speed than usual Peering speed which i get for other downloads via Steam . Also the time you gave me that time my GPU was fucked , now purchased new hardware recently , i7 6700k , Gigabyte

Gaming 7 board and new GPU so i will download that for sure and play campaign but not multiplayer cause its fact i don't like COD multiplayer only for the reason weapons don't have recoil .

Battlefield by far, CoD has been shit since MW2 imo.

oRequiem - *January 28, 2017, 5:44 pm*

I only played the beta of Battlefield 1, but it's defiantly defeating IW.
