? THEIN\$PIREDONE - January 27, 2017, 3:28 pm

EDIT - 28/01/2017 Claims his account was compromised & will refund ASAP. Let's see.

Nothing too unusual, just another kid scamming. I needed a BTC to PP exchange, he said he'd take care of that so we made a deal.

I sent him the BTC, he said he'd wait for 1 confirmation, and then he stopped answering my PMs and never sent me my money.

He's logged in multiple times, browsed through the forums, even got in touch with other members to exchange (probably to scam them too), but he never responded back.

He even gave me a neg rep calling me "shady user", lmao

Additional Scam Report on him:

I don't care about the money, however I hate being conned. It's people like him that ruin the reputation of this forum. Can we get him out of here please?

Avoid any deals with him! You've been warned!

Yea, it seems like it. It's pathetic how people would ruin their accounts and reputation (he's even an Ub3r) for 50 bucks. Jesus..

True, he's been browsing the CE board, and I've tried replying to most of the threads he was viewing, in order to warn OPs. But that's only as much as I can do...

I needed the whole amount exchanged in one go, at that moment, and he was the only one who was able to do it so...anyhow, I won't be making the same mistake again!

I just need to let the community know what a scambag he is, so nobody makes any deal with him again.

Holy fuck what a shitttt storm.

Ok everyone, I am deeply sorry for all of the scams that happened recently.

I had some very serious things happen to me IRL in the past week which left me unable to access my account.

A family member took advantage of this.

I will be paying everyone back ASAP.

I can guarentee all money paid back by the 2nd of January.

If that's too long of a wait,please contact me via PM and I will see what i can do.

Once again, sorry for all this bullshit.

I never thought my own brother would pull some snake shit like this while i was in jail.

Just please rest assured that I will be paying everyone back and making it right.

That's fine brother. I don't plan on dealing with anyone at least til all of this is resolved, and everyone gets paid back.

Sorry for all this bullshit.

You have a family member that knows how to scam people? That is really rare.

Lol, I know what you mean man.

I don't expect anyone to even believe my on what happened.

I just pray I at least don't get banned/repfucked til i paid everyone back.

At least then I can leave the forum knowing i paid everyone back in full.

Update:

User has been acting cocky, threatening me of delaying my refund as long as I keep warning people about his scamming spree.
