I don't know why I found this to be so funny. I couldn't imagine the pain the girl went through after she got off the ride.

Go to 1:00, that's where things start to get interesting.

Jesus Christ, it's like a roller coaster but you can crash into people, that's great. Was he pissed off at her for the first time when he crashed into her because she was stopped or what went on?

Gigabear - January 28, 2017, 5:23 pm

the video doesnt show it but the girl was like 10 years old

Av?!?r - January 28, 2017, 5:57 pm

Duuude, what the hell was the guy who constructed that thing thinking? Letting the people crash into each other like that. D;

AJMxD - January 28, 2017, 5:59 pm

If you're someone who thinks you have the right to do something like this because you're missing out on 5 minutes of fun you are a fucking petty ass pathetic human.

?-? ??? ?????? - January 28, 2017, 6:04 pm

First off that ride looks fun as fuck, second off loool that dude went from insanely angry to insanely worried he'd killed a person pretty fast.

IM CRYING! The way he just kicked her, she knocked out a bit, you can see her body just go loose.

And where is this?
