I'm looking forward to reading all of your reasons - And good luck to everyone! ?

L33T Upgrade | EP1C Upgrade.

GL

Grizzlies - January 28, 2017, 1:52 pm

I want every single penny that touches this world. But in other hand, \$25 can be towards my UB3r upgrade investment. [thats whenever I am approved]

-AlphaWolf- - January 28, 2017, 1:54 pm

I would love to win this because of how much time I have already invested in HF, and because I've helped out a lot of members ?

Frankey - January 28, 2017, 1:55 pm

I'm going for the EP1C upgrade since my inbox is always almost full, I used to host a few pm-to-receive giveaways. But that's nearly impossible with this full inbox, cleaning takes for ever.

Prophett - January 28, 2017, 1:55 pm

Posting to enter for \$25 BTC. I think I should win because I have contributed a lot. Below are some of the threads that show this:

I plan on hosting more contests soon as I have been working on college assignments. I am also very active and try to help as many people possible on a daily basis.

Thank you for hosting this contest and good luck to everyone participating.

bdawn - January 28, 2017, 2:00 pm

Why should I win? Lets see...

I believe in helping others. Skills learned in tech can be used for both good and bad. With great power comes great responsibility. While I may be a bit "new" in HF, these words go with me outside HF.

But ultimately why I should win is based off your own choice on why I should win and only your choice.

Whether I win or not, thanks for hosting this drawing.

SavageAF - January 28, 2017, 2:01 pm

Well here's my entry for the L33t upgrade.

So I'm SavageAF as you probably already guessed (and yes I'm pretty savage from time to time) I joined back in August 2015 so my account is about a year and a half old, so I'm not exactly old, nor new. Now you might be asking what do I contribute to HF? Every now and then you'll see me help someone with graphics or random other stuff like sms verification (here's some graphics I did earlier this week [Click here](#) and you can see a few other examples of me helping people in my posts tab) although I have been very inactive for a while with college and University applications etc so I'm hoping to be more active.

What will I do with my upgrade? Well, I always hate emptying my inbox so I'd definitely use all of that extra inbox space up for messages and stuff. I doubt I will ever change my name tbh, but being able to delete your own posts is another thing, the amount of times I post something stupid because I misunderstood something is insane. I'd also use the fact I can add an image to my signature, since you know, I do a bit of graphics and always not been very happy with the fact I've got over 1k posts but still can't have a cool signature, which is why I don't have one at all atm.

So why should you pick me over everyone else? Well I'm not sure either, I just zoom around on HF doing whatever I can so idk if that makes me any different from many other users.

Kodaz - January 28, 2017, 2:30 pm

Hi there this is kodaz,

Anyways, I probably aint winning shit i have no luck for these type of things....

I had a previous account it was l33t and i lost access so i had to make a new one and get the last one closed.

I'm also thinking about spending a lot of time on HF and joining some groups and being l33t would be a great advantage in any case.

Also, I'm applying for this giveaway because i'm not able to buy it myself for some private reasons. But yeah thanks for giving people the chance to win l33t I hope you have a great day.

Charaoh - January 28, 2017, 3:11 pm

I'd like to enter for a chance. I know I don't deserve to win because there are others here who have more contributions than me, but I hope I win for the sake of having something extra to support myself and my peoples. Hopefully it works out, and good luck to everyone else.

?eptic - January 28, 2017, 3:29 pm

I think I should win this contest because everytime I look at my awards on my profile I feel like a HF virgin. Life sucks being an HF virgin. If I had a \$25 award on my profile I would feel like one of the cool kids on HF.?

1337 - January 28, 2017, 5:43 pm

I would like to win a Award because I have past many years on hackforums and I have just 2 of them .

Koodex - January 28, 2017, 5:46 pm

I'd like to win because I've been longing to buy an upgrade for some time but I simply have no money left over after I use it for living expenses. Thanks for hosting the giveaway OP!

?-? ??? ????? - January 28, 2017, 5:52 pm

I'm entering for 3P1C because as you can see I already have L33T.

The reason I think I should win this upgrade: I've become extremely addicted to HF over time and I feel like I'd get the most use out of the upgrade in comparison to someone that might win then barely use HF again, where as I plan on being on HF for the rest of its lifespan which is hopefully going to be a very long time.

Thanks for hosting OP, and good luck to everyone taking part :)

SIM-2015410 - January 28, 2017, 6:03 pm

Awesome contest Regulus, very generous of you to do this for the community ?

ven0m - January 28, 2017, 6:06 pm

I am a contributing member. You can check my post history and any one who knew the old MRT Help Section (Currently Merged with the White Hat Section) knows my contribution. Reason I am interested is because recently I became interested in Bitcoin and it would be great to have some in my wallet.

wander is a multi dwc - January 28, 2017, 6:08 pm

I need the \$25 to buy myself a nice set of earphones. Current one I have is broken, one part works and the other part doesn't. Wire is loose, so yeh. Danke Herr Regulus!

I think I should win because if I win I will give \$5 btc to a 2nd place winner from this same thread using a random number generator. The post number will be the ticket.

Nate - January 29, 2017, 3:13 pm

I'd really like to get an 3p1c upgrade, money has been a struggle for me recently as I'm in college now, and niggas gotta eat. But I've been on this forum for quite awhile, and I feel like I would be a perfect candidate for this 3p1c upgrade

Kyrus - January 29, 2017, 3:16 pm

i wish to be LEET because I've been on here for a long time and a upgrade would be so nice

XXXfranky - January 29, 2017, 3:17 pm

ItzClydeFrog - January 29, 2017, 3:18 pm

Would love to be upgraded to l33t so I can leech on some free giveaways that are only interested in building rep. Thanks.

Prettykitty - January 29, 2017, 10:45 pm

Would love to win the btc, I have both the other prizes. I'd love some cash to pay my cc bill, recently got charged \$1080 on it for.. nothing really :(

DontWorryBeHappy - January 30, 2017, 1:20 am

I feel I should win because I'm a high-quality member who could offer a lot more to this forum with an upgrade.

Currently, I'm limited to where and what I can post which limits me from helping other members as well as being a more trusted member on site.

I have done completely legitimate business all over hf; helping some members launch their business, performing all legitimate exchanges for finances, offering advice, and though minor, even making many laugh.

I seek to enhance my presence on the forum and be acknowledged as more and more valuable each time I visit.

And upgrade would thoroughly help with all of that and would allow me to pursue applying for uber upgrade as well.

Thank you and I hope I win.

Stendoh - January 30, 2017, 1:21 am

I would love to be l33t because i really like this forum If I get upgraded itll save me money

Anubis - January 30, 2017, 5:02 am

I'd actually love to have epic membership so I could post more and increase my message space as well.

Here's my application

A real story. I hope songs are allowed too.

Quote:Yeah It's my life... A long words I guess.

I've spent best years of my life on this forum.

And many tried, but nothing could ever tore him.

But one day

While noone does not expect it,

The FBI tried to deflect it..

While noone would ever suspect it..

So the time came, and I've had to disappear

Because I felt fear...

So I lowered the gear for a year...

And many things still remain unclear...

But here

Now while I type this, I remembered my lil' sis.

Oh shit... I gotta go piss...

We'll continue this story later...

But remember one thing!

NEVER BECOME A TRAITOR! ?

I have been on HF since 2009.

Yeah, 8 years guys. I've made many friends.

And learned many things that later helped me a lot.

This is the only forum that I've ever stayed on and I will never leave it.

Hackforums.net is not the name of a forum, it's a name of destiny.

SIM-3253284 - January 30, 2017, 5:04 am

I shouldn't win this as I should have just an equal chance as everyone else; I'm not going to talk myself to the top of a giveaway.

Zeus - January 30, 2017, 11:43 am

Would love to enter this thnx

Juicy - January 30, 2017, 11:44 am

It's extra money, who can't turn it down?

Others probably need it more but I figured I should enter as I am in college and every bit does it's part

HEISENPUG - January 30, 2017, 11:57 am

I think i would be more active on the forum and do alot more giveaways in the future being l33t would just make try harder and be dedicated to the forum.

Thanks for entering me and good luck to all that enter this.

fapninja - January 31, 2017, 1:51 am

Entering for l33t.

I should win because I'm helpful, friendly, and never take anything too seriously.

FiftyTwo - January 31, 2017, 8:44 am

I would love to get this bud!

-> The reason I'd like to win this contest is because I would like to complete my first row of awards, and would then buy another one myself to start the second. Also, I've never won one of these before so it'd be awesome to win.

Thanks for the giveaway and good luck to all.

Whiz4rd - January 31, 2017, 9:21 am

I want to give this a try, after being in here for almost 6 years. I also want to experience and see what it's like to be an Ub3r member / 3p1c member ?

By the way, have you heard what the blind dog said after it hit the wall? Aw (resembles a bark) ? ?
?

Vishnu™ - January 31, 2017, 10:47 am

I've been a helping member to the HF community and run one of the biggest phone verification services.

You've been a part of it too and said "You're the man" ?

ze-slade - February 3, 2017, 5:14 am

Thanks for the giveaway, I think I deserve 3p1c because I have to deal with a smaller inbox so I'd have to go and pick which ones are important and which aren't, in that time I could be helping someone on the forum.

Korvo - February 3, 2017, 5:24 am

Posting to enter. I would like to win the DarkDash award. I would like to win this award because it is my favorite award, but most importantly it will give back to the forum, being that the donation for the award helps with development and what not. To me that's the most important thing, and having an award at the same time is a win win.

Thanks for doing this giveaway Regulus & best of luck to everyone who entered!

Royal Mint - February 3, 2017, 5:51 pm

Hello there, I believe I should win this contest because I would like to invest into a graphics tablet to assist me on my creative media course in college. If selected could I get the \$25 BTC? Cheers!

Kezmate - February 3, 2017, 5:53 pm

I may not have a lot to offer compared to the veteran users around here, but I guess I'd like to be given a chance to get the L33T rank as a form of jump-start to this forum.

I'll be helping out where I can, but I guess at the moment I don't have a lot to show.

Anyway, in the end it's down to you and it'd be nice to give the new guys a chance <3

Either way I'm appreciative of you doing this to help out others.

St. Jiberish - February 3, 2017, 5:59 pm

I don't think I should enter so I am not just posting to show my support for the members of Red Lions and the host of this contest, still good to see you guys doing work.

funtela - February 3, 2017, 9:52 pm

This is amazing of you to do Regulus. To be completely honest, I don't really have a reason for why I deserve it. I'll be completely honest and say the only reason I'm entering is because I really need it x) you know why haha.

Good luck to all!
