Spoiler [\(Click to View\)](#) Invisible girl was p. cute....pretty lewd too grin

Even though the show wasn't super exciting, I do think I'd enjoy an S2

This show is nothing but cuteness - that is not to say it's bad; but its for people who want cute characters in a very cute way. A lot like a lot of other shows that came out around the same time like Gabriel Dropout, and Dragon Maid.

For some reason it kind of reminds me of Little Witch Academia though - with the whole 3 friends thing, but they're not like best friends or anything, they just came together by chance and hang out.
