Thread: [3-in-1 Account Creator | Twitter, Youtube \(& GMAIL \), Facebook | CHEAP](#)

exploit.c - January 29, 2017, 10:31 am

Hey folks,

Looking for a badass account creator that can make accounts (proxy supported) on 3 different social medias? Twitter, Youtube (&gmail), Facebook account creator is here. It can do all these three different social medias, and can make up to 1000 accounts an hour per social media without detection.

We soon plan to include Reddit account creator, until then, it's a three-in-one account creator.

Pricing:

Basic (No source, just tool): \$50

Premier (Source): \$150

Exclusive: \$500

Payment via: Bitcoin

Autobuy (Basic): <https://rocketr.net/buy/4479fd6b85aa>

For Premier or Exclusive, please PM me

Best of luck with sales.

Just out of curiosity, what's the 'exclusive' package?
