Thread: [Need Banners for HF Official Member of the Month Contest](#)

funtela - January 29, 2017, 6:55 pm

Hi guys,

I'm looking for some new graphics for the Hack Forums official Member of the Month contest ([MOTM](#)).

I am in need of a few thread header banners. I would like one banner to be plain, and a few more to be based off the plain one with added holiday decor. Start off making just the plain text one, and if I like it, I will ask if you could please create other variations. ?

Your graphics will be displayed on every official MOTM thread, will include credits to you at the top of each thread, and credits at the bottom of the [Member of the Month - Explained](#) thread.

Size: Flexible

Color Scheme: Red text, #333333 background

Text: Member of the Month

Examples:

[\(Click to View\)](#)

Let me know if you have any questions!
