Quote:Haruki Kitahara's light music club is on the verge of disbanding. At this rate, the third year's dream of performing at the school festival would never be realized. However, as his exhausted fingers drift through the chords of "White Album," the first song he would ever play, an angelic voice and mysterious piano begin harmonizing with his lonely guitar. It is a momentous performance that marks the beginning of everything for Haruki.

White Album 2 orchestrates Haruki's final semester with complex romance and exhilarating music, as the curtains of the stage he so desired begin to open...

It took just one episode for me to fall in love with this Anime. It looks very promising, and Ogiso looks like 10/10 girlfriend material... Jesus Christ, if you haven't watched it already, it's time to seriously consider doing so.

This has been on my PTW list for a long time. I know it is going to be a 10/10 for me, but I am just waiting for the right moment when I feel like I have watched enough bad anime. It is actually a struggle for me not to watch it next every time.

Nine - January 31, 2017, 5:39 pm

ogiso sounds like a pig
other chick is better
horrible ending too

I'm currently in that situation right now, but I had never seen it on MAL before. Another hidden gem!

I had the original WA on my PTW for some time, never got to it. Didn't realize there is a second one so perhaps I might watch it in due time ;)

fkoffcheater - January 31, 2017, 8:34 pm

This anime was amazing. I watched it during airing and haven't forgotten it since. It's the first one that gave me seriously weird feels.

Touma sure is interesting in her own way I guess... Yeah, she's also 10/10 GF material.

Also, the opening is top tier.

I was actually looking at this anime like 2 days ago because it was recommended for people who like Kuzu no Honkai - which I am in love with. Just one question, are the relationships physical like they are in Honkai, or are they just hand hold relationships like in most anime

So far I've seen kissing and intense kissing.

SkullCandy - February 2, 2017, 4:02 pm

Last question - there seems to be a white album 1; is this necessary viewing or are they different?

Completely different and trash. 1 is unrelated to 2.

Honestly that was the subject of my next thread lmao. Is White Album worth watching? I know the numbers on MAL doesn't mean shit sometimes, but White Album 2 seems totally better than White Album and after 9 episodes, I can say I'm pretty damn satisfied with it.

Spoiler [\(Click to View\)](#)

"How are you so used to this?! How many times have you kissed Setsuna?!"

DAMN GIRL, ASKING THE REAL QUESTIONS

Spoiler [\(Click to View\)](#)

Also yeah, steamy hot vanilla sex scene for the guy who asked before.

Jesus fucking Christ, that ending is absolutely brutal.

Some Anime should just end up with a polygamy, this way, everyone would be happy.

moneymulcahy - February 28, 2017, 6:22 pm

Anime is by far my favorite kind of show to kill time with
