These guys in Indonesia paid to have sex with an orangutan that lived in a brothel. Apparently the orangutan was one of the most popular "girls" there...

What the fuck.

(Feb 1, 2017 07:03 PM)Rice God Wrote: [\[CITE\]](#) I guess people were really desperate for pleasure. Well, I don't think they were. There were girls offering themselves up too, but the orangutan was just more popular. It was a main source of income for the brothel... People preferred the orangutan over the girls sometimes. It's fucking strange man. It'd be the same if some hot girl came to your house and offered herself up, but at the last minute you're like "actually, I'm going to fuck my dog instead." It's not desperation, it's disgusting. So, I think they're not desperate at all, but they certainly are disgusting for having sex with an orangutan.

Well all righty then. You do you, and I'll be bleaching my eyes.
