I told you by PM why I refuse to share these links with you (and your group).

If you respect it, don't wink at me, it's shows your arrogance as well as your patronizing attitude towards me, which won't change my mind, at all.

Please PM me if you got any issues further, but don't use this thread for it.

If you keep this attitude I will sure unblock you & share everything with you, in the future, but for now, I prefer to stick to my current feeling regarding you.

Writing here cause will not send another PM unnecessarily, does 0 rep count as a negative rep, or do you chose users by your own selection to send to? I have not received the links and I am sorry if I misunderstood anything as I would gladly appreciate these 2 links.

I am not sure why nobody uploaded proof of any revenues yet...

This is my most recent proof (I only eWhore 30-60 minutes a day, busy with other projects, keep this in mind!)

Because you didn't PM me anything except the link of my thread.

I prefer to receive a PM request, not a PM where you paste my link & press send.

It's a free traffic "source" (2 sites) so I don't ask much except respect when PM'ing me and feedback if you feel like. I replied to your last PM with the links, enjoy. ?

Can i get them please? ?.....

LoudScreen - February 3, 2017, 9:46 am

I have received the two sites. I have not use them still but I have not see them before and doesn't look bad at least at first sight. Special mention: in one of them a guy wrote about how to get "paypigs" so lol.

The downside is everyone rushed to one of them so not sure if it will be full of girls writing "selling nudes" forever.

ONLINE NOW - UPGRADED MEMBERS ONLY!

Today is the last day, I will close this thread tomorrow.

Due to potential saturation, I decided to give these sites away to UPGRADED members only.

Don't PM me if you are not upgraded!

If you can promise me, here at this thread, that you will never sell them & PM me, then I will send you the sites. ?

SIM-2998667 - February 4, 2017, 7:14 am

I have read the thread and followed the instructions that VBScrip

ter provided which resulted in him sharing the websites with me. They look like they bear a lot of potential and I have never seen them before anywhere so they must be unsaturated.

Thanks for the share :)

Although I noticed other eWhores at this site (perhaps thanks to me or not, who knows), I still managed to get some traffic out of it & made a sale.

Not sure if it's thanks to these sites, but I couldn't complain yesterday when I tested this site.

Good luck for you bro & thank you for following the instructions.

I checked your account and there is no way, sorry.

Your post activity is very low (once a day / week), you only post at Member Contest & eWhoring subforum, you don't got much rep nor post.

My conclusion is that you're more likely a leecher than a "HF member".

Don't get me wrong, I don't hate you or anything haha I just don't feel like sharing these sites with you. ?

Understandable, the main reason why i am never active anywhere is because even if i say something that i think will be "okay" in terms it gets judged and rejected, who would've want that anyway ?
