take a look at my thread....

I can win any dispute dosent matter if its bank or not.

PayPal will pay out of their pocket if they have to.

Won thousands of dollars worth of disputes in that thread alone if you go through the screenshots posted by customers.

People hire me to win their disputes for them?

also blockchain link <https://blockchain.info/address/16YM9QA1Kd3Bv1e3KUhXyD9FjvVnPAnKtu>

Am sorting this out with Cryptic over PM.

Riyu- - February 2, 2017, 1:15 pm

Can you win disputes you start or only the ones against you?

Prophett - February 2, 2017, 1:16 pm

Update this thread when the dispute has been "won". I hope you do.

Tid?es - February 2, 2017, 1:17 pm

Plot twist this is actually a PR stunt to lure on customers for cryptic's ebook.

The ebook is mainly for the ones against you.

I initiated my process but then OP PM'd me saying he didn't meant for it to happen and he's sorting it out with the bank/pp.

lol if i wanted a PR stunt I'd buy a sticky in MKT Place Discussions or the lounge.

DD's barely get any views compared to a sticky xD

But yes, this is true, I've had a few dispute with Paypal and even though the bank would refuse/reject the dispute filed, somebody's gotta shell out of their pocket and knowing Paypal, they are more likely to do this. They are probably be in favor of digital currency, they're on the road to cashless innovation.

Good luck on your dispute mate, hopefully everything would be resolved. ?

Cryptic™ - May 6, 2017, 3:03 pm

This has been resolved.

PayPal closed the case in my favor after the user contacted his bank.
