Thread: [Discussion about other Forums etc](#)

Am I allowed to ask HF users about other forums? For instance, where I may find an active forum community about hacking into cars/physically stealing cars?

I am very interested in said topics and I do not see areas on HF where I may further establish said discussion. Is it allowed to be spoken about so I can be put in the right direction?

Quote:Advertising of competing sites is not allowed. This refers to any website with a hacker forum that's similar to HF or has a relatively similar forum structure. Advertising includes signatures, PMs, profiles, and posts.

As you'd be talking about hacking, members aren't allowed to say other hacking related sites

If want their content, you go on their site and talk about it there, not here.
