Thread: [\[\\$4\(BTC\)\]GET LEGIT INSTAGRAM FOLLOWERS 100+ A DAY PROOF INCLUDED.](#)

figox - February 4, 2017, 4:16 pm

It's a \$4 dollar ebook, im being straight up and straight to the point. None of that introductory shit I give 2 methods that wont require an investment(which i did to get 800 followers in 8 days.) and two other methods that require an investment. I don't have time to make a thread title but I'll be giving 2 vouches to 2 reputable members to give a review. Beware I'll check you other threads and other ebook reviews to see if your serious with it.

For the proof i created an account on the 28th of January I made an instagram account and was gaining 100 followers a day, 2 days i wasn't active because I was really sick so I probably could've gotten more if i put more effort into it.

loudpackx_xgas is my instagram username send me a dm on IG. still gaining hundreds of followers a day using the methods in my book

Received a vouch copy.
The eBook has some ok methods that could potentially help you grow.
The grammar in this isn't the greatest, can be quite hard to understand in some parts.

I recommend to you OP that you go over your eBook a few times and correct any errors you can. I wish you the best of luck with selling!

Got a vouch copy from OP

The method is easy to do, it's not something secret, but I believe there are people who don't know about it yet.

The ebook is 1 page long, containing 4 methods (2 without investment and 2 require investment)

If you done it correctly, you should be getting followers easily
