Thread: [Anime that have nice love stories with side characters?](#)

Aura - February 5, 2017, 7:22 am

Just a quick one before I go to the gym and do the groceries.

Is there any good Anime (mostly Romance, Shoujo, Slice of Life, Highschool, etc.) that also have side characters fall in love and have a "cute" love story kind of?

Here's my MAL if you want to check which ones I watched already. I can give examples when I comeback.

Ooooooh yes, if you don't mind it also being a comedy then I would go with [WWW.Working!!](#) it was like my favorite anime last season

Alright senpai, lets see what we can do for you today (I will try to keep this list recent since for some reason you don't like older anime ;P) :

[Bokura ga Ita](#)
[Kimi ni Todoke](#)
[Kareshi Kanojo no Jijou](#)
[Nana](#)
[Nijiiro Days](#)

[WWW.Working!!](#) is on my PTW list, since I watched Working! and I loved it.

And I took the plunge sensai, I'm currently watching Kimi no Todoke right now ? Though it'll be hard to beat White Album 2 and Ano Natsu de Matteru. Honestly, the art style matters a lot to me hence why I held off watching Kimi no Todoke for so long but I'll give it a chance.
