The song is of the Electro House EDM sub-genre. It is currently #63 out of thousands in under 24 hours of my uploading it. I worked really hard on it, so please how your support and vote for it.

Here is the link. I would really appreciate it. :)

My tack is currently number 22 on the list. There are 2 days left and I would really like to see if I could get it to top 10! Please vote if you have not already as it really means a lot. Thank you!

Honestly Spinnin's talent pool is so bullshit. Just a bunch of people "listening" to other peoples uploads and asking them for a vote4vote.

Otherwise, I ignore most vote4vote comments.

Nobody listens to your music, there are bots out there that make those comments. There are also vote services. The only reason to upload to Spinnin' is for them (Spinnin' A&Rs) to listen to your track and maybe pick it up because even if you're on #1 people are not actually going to your SC page and actively follow you.

I ended up hitting 21 but did not win. Got some attention on my soundcloud though.
