Well hello there!

My name is Target and i was recently rep-killed for having issues paying out with a contest. Completely take responsibility for it, 100%.

Well, i was never able to pay out sadly. Now i am in a better spot, and will be hosting a \$100 post to enter contest.

My last x4 \$100 signature contests i paid someone to pick out a winner, trusted. I will continue using that method from a trusted user.

Links to my last four contests:
