It's simple, longest yeee boi gets a free NanoCore license.

You can use [vocaroo](#), [youtube](#) or whatever to host the audio.

Example:

[Video: https://www.youtube.com/watch?v=RyVAC_eEjz4]

Because this contest is so autistic, you'll get extra points for being autistic when yee boi'ing. (Points mean nothing)

I fully expect nobody to do this.

Contest ends a week from this post.
