Thread: [80Gb of Camera shows](#)

doctor.alpha - February 8, 2017, 5:46 am

Found a big collection with camera shows online , if anyone interesting to get it pm me.

eRKoo - February 8, 2017, 5:54 am

So 1GB 8gbt/8=1gb

lol what?

He clearly means gigabyte, not gigabit, also what in the hell is that math lmao, if it was 80 gigabits it would translate to 9.3~ gigabytes.(It's to early and I misread something, my bad. Thank you for pointing this out, mons.)

Nice share OP, surely someone can use it.

Uploaded to another file sharing website , hope the link will work now.

(Feb 8, 2017 07:08 AM)ze-slade Wrote: [\[CITE\]](#) Yea, nudes aren't allowed, however you could just screenshot the file size.

It's a torrent and total size of files you can download is 83gb.
