Thread: [Current Pure Status \[Updated Daily\]](#)

grail - February 8, 2017, 3:31 pm

Will be keeping this thread updated daily as I am trying to be more active and since I've started playing OSRS on the reg again I thought I'd upload some progress.

In the past 3 days I have gotten 85 strength, 83 range on the way to 85, and a hitpoint level.

Current CB level: 85

Why the 25 def?

If you want to make an effective pure for solely 1v1 pking at edgeville, 1-13 def is ideal. 13 defence for adamant gloves from RFD. Right now you have a decent lvl 85 ags pure, but strength is lacking a bit. All about combo'ing in 1v1'ing these days, but all depend on how you prefer to pk.

If you need any other input or advice, let me know. I'm from a pure clan on 07 and we have various pures ranging from maxed 1 defence to maxed 39 defence.

Blakey - February 9, 2017, 3:25 am

25 def is ugly but good luck on progress.... whats the goal?

JaGLY - February 9, 2017, 3:33 am

Howlong have you been playing on this account? ?

25 defense has come from failing 13 def then slowly just going to 25 for the lulz

I'm planning on just maxing strength, mage and range and just doing some wildly pking not necessarily edge only.

Looking good so far man! I'd for sure like to train with you sometime. I'm currently level 87 and I'm a zerker. Working on strength is my next step. Anyway good luck with your progress!

What's the reasoning behind the 25 def? Initiate pure?

grail - February 10, 2017, 3:08 pm

correct.

also this is one of the great builds for clan pking

Tigri - February 10, 2017, 3:10 pm

In which pure clan you in? 1 def sucks for pure clanning, thats true..

slayer or nmz

or stun alching for magic

Syllable. - February 11, 2017, 8:47 pm

I like the build, thanks for the response. You don't see too many initiate pures out in the wildy.

grail - February 12, 2017, 10:43 am

Reached 82 mage today.

12 to go :(

xVulnerable - February 14, 2017, 8:41 am

Such a bad pure, 99 str and range are necessary at that level.

You don't get it, pures will start being in a disadvantage at 80> combat, you will be facing zerkers and void pures at that level. Not to mention you can't keep that defence, even if you max out your str and range, maxed zerkers will dominate you.

I recommend to transition into a zerker like I did, as that's the best option for your current status imo. Good luck.

This build isn't for edge pking.

This is a clan build like a stated early in the thread.

grail - February 15, 2017, 2:46 pm

Been slacking lately,

had a 5 page paper and an exam this week.

Only have gotten 82 mage.

Iced Knife - February 16, 2017, 5:57 pm

i dont think you'll last in wild with even maxed stats at 25. to many op builds and weapons at that level

Tigri - February 18, 2017, 3:28 am

You should join Corrupt Pures haha, gonna be a big trip this weekend.

lv44gengar - February 19, 2017, 5:44 pm
