Thread: [Free web application pentesting courses](#)

Plexcoo - February 8, 2017, 3:35 pm

Could anyone link me to a couple of different free web application penetration testing courses? Would like them to include information about SQLi, XSS, and file inclusions please.

Thanks.

this a fucking goldmine LO ?

EIP - February 10, 2017, 6:21 am

There are lots of website giving free tutorials. Why not read owasp pentesting guide?

Zapchast - February 10, 2017, 9:33 am

As EIP said - read OWASP pentesting guide. Plus if you will combine it with these exercises, you can't go wrong:

[Web for Pentester](#)

[Web for Pentester II](#)
