Thread: [Mega RAT Collection Source Codes](#)

doctor.alpha - February 8, 2017, 6:01 pm

Here is my collection of some remote administration tools source codes , some are old and the reason i share them is for those who want start learning how to code their own rat.

Here is a list of what is inside.

Aryan Source Release

BlackNessRAT

Blackshade

BlackWorm

CtOSRAT

DENDROID

Dj5

FBI-RAT

Fragus

LokiRAT

LuxNET

NJRAT

psyb

ShadowTechRAT

Spy eye v1.0

SpyNET

Spy-net.2.7.beta

Xtreme RAT Unicode xe7

Aero-Rat

Agony

Alte_RAT

Armageddon_RAT

BioNuke_RAT

Black_Dream_RAT

BlueRAT_Crypter

Breaksoft_RAT

Ciccio_RAT

derSphear_RAT

Error_404_RAT

Evoloution_RAT

F0xit 0.1

Fasito_RAT

FearRAT

If you dont trust any of that tools dont open it,i am not responsible if you get infected ?

Link :

Code <http://www.filedropper.com/remotearchesssourcecodes>

If link goes down again please notice me to reupload.

There is no password at rar file.

If you are the owner of any of the source codes and want it removed pm me.

-rep, dont delete its a waste of 174 mb. I have no clue where you got this massive "source code pack" but the same shitty visual c# are copy pasted everywhere. I hope your account gets closed
Read the thread first then download , learn english and you cant - rep.
It's for learning purposes ..

Please dont spam my thread , thanks.

3azraiell - February 8, 2017, 10:51 pm

ther is a way to infect sc so i will check this Brinoz correct

Armada - February 8, 2017, 11:41 pm

I hope to holy fuck this si the clear copy BV leaked just as he was busted.
