Thread: [NanoCore - Reverse Proxy/RDP Video Tutorial](#)

\$lick - February 9, 2017, 3:26 pm

This guide is for [NanoCore](#).

[Video: <https://www.youtube.com/watch?v=BN9oDgr0ZV0>]

If you prefer written tutorial then check out these:

[NanoCore - Remote Desktop Protocol Guide and Support.](#)

[NanoCore - Reverse Proxy Guide and Support.](#)

I'd like to thank [Purple Kief](#) for creating the video.

Great walk through man.

It is this type of support that makes our "Shit .net rats" the top of the line available. ?

Purple Kief - February 10, 2017, 5:26 am

Hope you all appreciate Nexus getting me to make you guys guides.

Give the man a thank you will ya.

Great TuT, Thanks for your share.

5ilent - February 10, 2017, 10:06 am

"While we are waiting for this, let me take a hit real quick" ?

Anyways good tutorial!

Shit .net rats have always been on top.

Dances With Cats - September 22, 2018, 7:05 am

Very nice walkthrough ... and it should from now on be called a 'revorse proxy' .. sounds a lot cooler!

LordDragon - September 25, 2018, 1:33 pm

Bookmarking to come back later,OP thanks for sharing.

Half-Life3 - September 27, 2018, 3:33 am

I thought Nanocore is dead, and the coder is in Jail xD

Nanocore is dead and the creator is in jail...

Business - September 27, 2018, 5:15 am

Great contribution to the section man! Good job.

casperr - September 28, 2018, 8:37 am

thanks for sharing that , good job
