Here is an article about it:

<http://charlieintel.com/2017/02/09/activision-officially-confirms-call-duty-2017-will-take-call-duty-back-roots/>

Micheal Condrey confirmed this as well

Apparently it is based around the Vietnam War. I'm gonna try to find a source for that. And I PRAY they don't bring weapon variants (There WILL be supply drops because Activision made over \$3 billion on supply drops so there is no way in hell they aren't gonna include it)

True on Vietnam war.

They were already Developing it but Activision cancelled it and wanted another jet pack game which is now known as IW
