Thread: [Official Group Baka | WallFlower Sector | Group Siggys needed | \\$50 prize](#)

I need a signature for my members to wear to represent my group sector. Winner will get \$50 in either btc or PP.

Judging this will be as fair as it gets, I will select 20 finalists, in which my group members will decide the winner.

Good luck guys. There will be no time limit to this one, only until I find 20 good ones.

If you are lost on what this group is about, please see here for a detailed description of WallFlower.

I think it will mean more for people to decide their own theme. The sector is innuendo.
