Thread: [\[0day\]RCE WordPress and SQLi whmcs](#)

7Days - February 12, 2017, 11:28 am

I sell exploit(RCE) for WordPress discovered by me . The exploit is 0day and is discovered today by me and my pentesting group. The exploit is know just by me and my partener. The price is 350\$

I have too SQLi in whmcs 0day price is 200\$

1??7 - February 12, 2017, 11:40 am

Big vouch! I buyed Worddpress and Whcms 0day's, and is the best!!!

7Days - February 12, 2017, 12:52 pm

Thank's for buying from me

I have too SQLi in whmcs 0day price is 200\$ is this joke?

<https://bugcrowd.com/whmcs>

clearly average bug bounty payout is 2.5k for whmcs. please contact me on jabber so i can talk to you about this : support_blaze@xmpp.jp

also when you say wordpress. do you mean a plugin or?

?Criminal - February 12, 2017, 11:15 pm

No credibility, seems sketchy, wordpress core or plugin? as for whmcs core or plugin? I highly doubt theres still a core whmcs sqli iv'e audited it recently and triple checked everything I mean I could of overlooked something obvious but I doubt it.
