Gargoyles are awesome cash, if that's at 250 kills you're going to earn quite a lot by 5,000

SIM-403479 - February 14, 2017, 11:54 am

Looks like you have earned quite a bit already.

Keep it up!

Korvo - February 14, 2017, 11:59 am

Yeah man that's pretty good cash for only 250 of them. I'm going to have to look into them now. Aren't they usually a slayer task? I haven't really seen many people talk about them often. Seems like they have good drops though. Very curious to see your progress. Good luck man!

No it isn't. You could have made that in 20 minutes at Zulrah.

D?niel - February 14, 2017, 2:21 pm

Well they are one of the best gp/hr tasks, so enjoy making quite a bit of bank. Keep us updated.

Cabo - February 14, 2017, 2:47 pm

Damn, that's quite a bit of money for only 250. Good luck with your goal, I'll be keeping up with this thread to see updates.

Noot - February 14, 2017, 10:37 pm

Love that they updated these shitty monsters along with Kuraks/Nechrael's and Dust Devils. Made shitty tasks worth it.

A NEW ERA... - February 15, 2017, 2:47 pm

How would one know how many they've killed without counting? .-.

I'm doing this all afk.. So I can't count the time :P Maybe I'll do it, when I'm going to kill 30K Skeleton Wyverns

OLOY - February 25, 2017, 7:11 am

which stats would be required to go for gargoyles?

imajerk - February 25, 2017, 7:20 am

(Feb 25, 2017 08:11 AM)OLOY Wrote: [\[CITE\]](#) which stats would be required to go for gargoyles?
You will need a Slayer level of 75 in order to harm them. In order to kill them, you will need to use a rock hammer on them when they have 9 HP or less. Using Slayer Points, you are able to eliminate the manual use of a rock hammer by spending 120 Slayer Points on the upgrade called "Gargoyle Smasher", which will smash them automatically when it reaches 9 HP or less.
