That's really sweet of you to do this for your someone special. I've utilized my batch experience in the past for such an occasion :)

Lol this code is older than dirt, but this is what I did a couple years back ^-^

Code @echo off & setlocal enableDelayedExpansion
color 0d

```
set /a "boxMax_Cols=73", "boxMax_Lines=19"  
set /a "cols=boxMax_Cols + 4", "lines=boxMax_Lines + 4"  
mode con: cols=%Cols% lines=%Lines%
```

```
for /l %%a in (1,1,%boxMax_Cols%) do set "out=!out!Û"  
for /l %%a in (1,1,%boxMax_Lines%) do (  
    for /l %%b in (1,1,%boxMax_Cols%) do (  
        set "%%a,%%b= "  
    )  
)
