Thread: [Buying L33T Upgrade With Paypal.](#)

SkrrtSkrtr - February 14, 2017, 5:57 pm

I already tried the currency change section but I've had 4 users tell me they only deal with upgraded members (the irony is real).

Anyway to buy a L33T upgrade with Paypal?

No, there isn't. You have to exchange your Paypal for BTC or find another way to obtain it.
