Is it true that the servers are in PewDiePie's new office?

He bought the office from the creators of Club Penguin and there is a room he is forbidden to enter til April.

He actually went inside and there were lots of servers inside and a camera which caught him, lol.

I don't recall ever playing Club Penguin, but it'll suck for the people who did.

They are moving to an app now.. tbh a terrible downgrade for everyone. Ice fishing was the shit man, coins galore.

Vaynex - February 18, 2017, 9:01 pm

Will make a lot from app micros

Vitani's Mate - February 18, 2017, 10:21 pm

I remember playing Club Penguin when I was young. Not really a bad game.

Got banned though for swearing. :D
