That is actually cute, well done! I like it when designers have a distinct style in hf.

I think the gradient on the underwear and wings makes it looks a little off but over-all this is nicely done. Sizing of the head/body works well, colours work well, just the underwear is throwing me off.

Haha this looks good, as someone already mentioned, the gradients don't feel right; (i'll try to

explain)

You are using creamy colors, for the majority of the picture so the gradients look really random.

Else, good job!
