Damn... ?
thnx ?

Nik321 - February 19, 2017, 8:33 am

Soooo I injected the url... This is actually the first ever MySQL challenge I have ever done... Not to
sure what it is i am going after though...

I can tell you the following and let me know if I was correct?

Spoiler ([Click to View](#))Soo... The databse is running on Linux Debian 7.0 (wheezy). MySQL 5.0.12...
There are 40 tables in the Schema. Ermm... I got all the way down to USER PRIVILEGES. Just not
really too sure where to go from here.

StyleShit - February 19, 2017, 9:54 am

hmm.. that sucks..
i dont know how to change the order...
