Leonardo DiCaprio. - February 18, 2017, 11:30 am

Sometimes, im not the type of guy to let it grow out all the way. And shit gets stuck in your bum hairs so yes I do sometimes shave it.

Tostig - February 18, 2017, 11:30 am

shave? no

use hair remover so i can wipe my ass without it feeling like i'm spreading dogshit into a shag carpet?

absolutely.

Lackin - February 18, 2017, 11:30 am

Who doesn't? Get out of here spart.

Talent . - February 18, 2017, 11:32 am

I feel sorry for the people who don't, or at least remove the hair somehow.

They have a forest of dingle berries hanging down there.

Hair removers are best, I remember once I was trying to shave it, and when done I found some blood on the razor O.O almost got a heart attack back then, hopefully the scratch was on the side...

Idk who told you to use a electric razor. Use a regular razor and get those dirty ass hairs and you won't have to worry about them for 5 months

I have never shaved my ass but have also never had a problem with shit getting stuck in my ass hairs. I've heard if you shave your ass it will chafe.

champagnpapi - February 18, 2017, 12:11 pm

LastSession - February 18, 2017, 2:09 pm

Every sixth month or so if you do it every week you are most likely gay

rsx - February 18, 2017, 2:10 pm

I don't shave it bald, but yes I do break out the good old clippers every few months.

Fiber - February 18, 2017, 2:10 pm

Please don't shave your ass hair.. unless you want it to grow back like a jungle. Use hair remover.

SIM-1472133 - February 18, 2017, 2:44 pm

I shave your ass. Does that count?

Steve - February 18, 2017, 2:48 pm

No sir, I can't imagine how uncomfortable it would be growing back. Then you'd have to keep shaving it. Sounds like a pain in the ass.

Let me just butt in here and say that if you shave your butt hair it's quite unhealthy, comfort issues aside.

7tyler - February 18, 2017, 2:52 pm

Nope.

Baby wipes work well for getting it clean if you're too braindead to use normal toilet paper.

Quite of a weird question to ask.

However, yes I do shave my ass from time to time.

The Poseidon - February 18, 2017, 3:01 pm

I like getting my girlfriend to twist my arse hair and braid them, anyone else have a similar experience?

OT - jokes aside, it's a jungle back there but I'm not touching it because my arse is for me and me only.

This thread is weird but funny as fuck.

Let me just get behind that statement and tell you right now that i'm being serious. Don't make ASSumptions please.

#Doge - February 18, 2017, 3:06 pm

Yeah, it's become an obsession.

She wanted to eat my ass, he wanted it as well. Now I'm awfully obsessed on removing even the tiniest ones i could spot with a mirror in the most awkward of angles.

I wouldn't advice is if you're sweaty tho, I heard that even the most fragrant flowers could easily get rancid on a sweaty day. Thankfully I don't sweat much : >
