Hello ,

Profile Link: <https://hackforums.net/member.php?action=profile&uid=2799283>

In the beginning he was looking for thread design . So, i PM'd him my work (which is account shop design) as he asked .

He went out of the topic :

We agreed that he will only host my account shop (cuz he's Ub3r) and profit will be 70% for me and 30% for him (as I'm doing all of the work).

after the first 2h we made 3 sales and got \$3 .. 6 hours later he closed the thread and deleted rocketr account WITHOUT taking my opinion when I SEND him pm he said he did that because the shop wasn't auto-buy.After that he send me only \$0.4 :/

All of that is not the problem . The problem is that the next day he made a new account shop with partnership with other member USING my Main design template (icons , fonts ..) without asking my permission . He modified it only a little bit .

When i Pm'd him about that he responded with giving me negative rep

Just deal with caution and know that he's lair and selfish person.
