Scorpion Predicts

I started my own prediction discord to provide free prediction for csgo. I have a 80% win chance currently.

Here you can see my previous predictions:

How to get my predictions?

Its very easy, all you need to do is to join my discord
And there you go to the #predictions channel.

How much do my predictions cost?

Nothing. My predictions are 100% free! But as always, donations are always welcome.

Where can we bet on the matches?

It would be awesome if you use a ref link, that would help me a lot.

I will make my predictions more professional in near future.

Come join the Discord now and get the newest predictions instantly ?
