This isn't what he asked for, no reason to try to increase your postcount like that.

On topic: You could buy epik's but that isn't private but he's a cool guy so he may be able to code one for you or just make an unique build, if that don't work then try sites like freelancers etc to get a legitimate coder, good luck.

Epik is a cool dude. Hes always been nice to me other then calling me a nazi in a skype group.

Alexishay - February 20, 2017, 9:45 pm

Just ask epik and he should make you a unique build

ASAC Schrader - February 20, 2017, 9:46 pm

I can hook you up with a priv skinchanger, UD, pm me.
