i dont think i deserve a upgrade because i haven't done anything to help out the community but if i do get upgraded i will be more active and i will help out the community as best as i can i can't upgrade myself because i currently have no job atm but i am searching when i find a job i will start doing upgrade contests to help out people that are in a situation i am in right now.

adonix - February 22, 2017, 6:20 pm

I deserve because i participate in HF more oftenly. :)

Darrell - February 22, 2017, 6:24 pm

Great service here Riley <3

Ace of Knaves - February 22, 2017, 7:44 pm

Good stuff mate! I'm not entering because I'm not eligible for UB3R yet, so good luck to those who enter!

AnonymousIII - February 22, 2017, 8:01 pm

Looking to get upgraded to L33T, I've been a member for a while now, just kind of lurking. Being upgraded to L33T would be nice 'cause it'll motivate me to contribute in any way I can. Thanks for the contest, gl to the rest!

Riley - February 22, 2017, 8:02 pm

This contest will be going until next month. I'll be upgrading even more people before that as well.

black forums - February 22, 2017, 8:05 pm

I'll be entering this contest, hopefully by the time it's ended I'll be eligible for ub3r. ???

Awesome, thanks for entering. OP updated with some saucy info.

KK123 - February 22, 2017, 8:26 pm

You should upgrade me since I give value to the forum, in the "form" of love;)

CASTIEL - February 22, 2017, 8:28 pm

Would love to get EP1C.

But why do I deserve the upgrade, well personally I can't be the judge on that you gotta think that I deserve it.

But reasons I believe I deserve an upgrade is that I am not just someone benefiting from others, I also give to the community and help out.

I also try to not be too low quality (I make low quality post here and there lets be honest we all do at some point).

Too be honest, I can't name too much, haven't been a user on this forum's that long.

Lexy- - February 22, 2017, 9:08 pm

I want L33T.

Can't think of why I deserve it but am interested in the stuff the rank offers.

Giving reputation, changing my name, bigger PM box, and last but not least, the cool little group icon is cool. :)

MeltyNet - February 22, 2017, 9:10 pm

Hey! I think you should upgrade me to 3P1C as I want to complete my account and have all the official HF upgrades :)

If not let that's ok, thanks for hosting otherwise :)

Sorun - February 22, 2017, 11:26 pm

Its been a long while and I just want Ub3r.

MightyOne - February 23, 2017, 3:33 am

Hey riley!

I dont have alot that i gave to the forum yet to prove my deservness to be upgraded freely by you, but i can prove the fact that im a good person and hopefully that will convince you :)

I have volunteered in M.D.A for 3 years which is a life saving organization in my country just like Red cross or any other organization, saved a few people's life and obviously helped alot along the way for less injured and hurt folks ive encountered.

also, i have been for 3 years in the army, first as a soldier, a paratrooper! and eventually also a shooting instructor.

im trying my best to be a good person, kind and always fair to others.

and once ill be able to i also have a few cheap steam games gift i have left in my inventory to giveaway for this nice community, and will try to be helpfull along the way while im here. :)

i hope that changes any how the way you think of me, and if it convines you to be kind enough to upgrade me.

Thanks alot and good luck to all other participants !

I would love to enter! ? Thank you, Riley! Best of luck!

vJFo - February 23, 2017, 8:46 am

I dont 'deserve' it, but I would be really grateful to receive an upgrade, ive been a member here a few years, had some good experiances and bad expericance all in all ive learned that I truly enjoy these forums and what they bring to offer, glad to be a part of this site in any way possible as its taught me many things to keep myself and my info safe, its given me a website to look at daily when i get bored and for just that I am grateful, that being said, with an upgraded account people might stop ignoring my posts all the time, weither it be my helping them or just simply wishing a happy birthday to a fellow member nobody replies, but i see them replying to any upgraded member, not that it bothers me all to much. i'll live.

its really awesome you're doing this and helping other members, thanks again.

Saltpeter - February 23, 2017, 8:54 am

I am entering for a 3p1c upgrade.

I think I deserve the upgrade to 3p1c because I have been a helpful member to the community during my short stay at hf. Being able to invoke a self ban would also be extremely helpful so I can stop myself from logging in while on vacation and messing up my trust scan.

Thank you for the consideration and good luck to all.

Page - February 23, 2017, 10:01 am

Hey man I would LOVE to be leet! Currently I'm a little short on cash so this would be wonderful :D

I'm an active member in the marketplace and once I have a little more time on my hands, I intend to spend more time on other activites on HF. Always willing to share information with people and help out where I can ?

I hope you think I'm worth it, although I don't have a very high post count/reputation ?

PS: There is one very old scam report on me that I have been trying to sort out with the user, but it's invalid and I can't seem to report it... if you want a link/story feel free to ask me

Thanks for reading and goodluck to everyone ?

P1R4T3 - February 23, 2017, 10:18 am

Hi! Thanks for this contest, looks like your are going to make a lot of people happy :)

My reason: Look at my registration date, from that date i still don't have scam reports, complains, bans, name changes, and ub3r.
HF member for LIFE!

Davian - February 23, 2017, 10:36 am

First of all i'd like to thank you for doing this to our community and allowing members the opportunity to become upgraded!

I'm entering for l33t and I think I should win because even if I lose i'll upgrade myself, but if i'll get l33t for free i'd use the 18\$ I've saved to give and contribute to the forum.

Cheers.

vaiperboy - February 23, 2017, 10:47 am

just a note, u cant upgrade other members to ub3r while not being ub3r, so u'll have to get someone to do that or u to upgrade to ub3r,

not entering as i have all upgrades, but still, nice contest man ?

CKkio23 - February 23, 2017, 11:23 am

Why you deserve to be upgraded:

Well i think i deserved to be upgraded because I'm very honest & will give back to the community. And would like to be very active in Currency Exchange so i can make exchanges without getting scammed when i wasn't even upgraded. Thanks for this contest OP! ?

Good Luck to everyone!

Ganja - February 23, 2017, 12:14 pm

Would love Ub3r, as I like to think I'm a good guy :)

Riley - February 23, 2017, 12:27 pm

Upgrades will begin tomorrow. This will still be ongoing.

cASTL - February 23, 2017, 12:52 pm

Why you deserve to be upgraded:

I would love to get upgraded and I think I deserve it because I've contributed a lot to the free graphic sections. I've also done favors for people for free and everything I've done on HF has been

for free except 2 times where I've been offered money. Also I'm a broke student :P

Good luck to everyone entering!

Ultra Instinct - February 23, 2017, 12:53 pm

Upgrade: Ep1c

I deserve Ep1c because I'm always helping people out and I receive a lot of pms everyday. Since I receive pms everyday, I have to go back and delete pms which is very time consuming. Anyways, thanks for this amazing giveaway man.

I would also like to join the contest . Why do I deserve it? A very hard question to answer since I almost never look or evaluate myself. I am just looking to improve the market place since tight now it's complete trash. I have items to sell, but cannot since I am not l33t.

i deserve it because i am stupid enough to loose 600\$ in 30 sec, then hit a wall because of my anger breaking my hand. any is fine for me right now

Onno! - February 23, 2017, 8:49 pm

Hi thanks for doing this for us.

I believe I deserve to be upgraded by you because that way I can help the community by separating the low quality users versus the high quality users. I can do this by monitoring the ban list as well as warn users of potential scams by being able to see that warnings appointed to users. Aside from this I would also like to have the ability to turn the market place into a safe space and get rid of low quality users who spam re-used methods and trashy e-books. Also because I've provided to the community some ways of getting investments going such as <https://hackforums.net/showthread.php?tid=5557311> . I hope that with the upgrade it helps me to get closer to becoming a high quality and selfless member like yourself. Cheers!

Anubace - February 23, 2017, 9:15 pm

I would like to be upgraded so that I can hold more graphic requests. I often do free graphic requests and I think it would be nice not having to copy and paste their requests onto sticky notes so I can have room to do more. I fell in love with hack forums and am a semi-new member, I am pretty active and will be even more so if I get upgraded! I really hope I get the upgrade! I would also like to be able to rep other designers, especially the less popular ones. There is talent on here that goes way under the radar!

Youtube Comments - February 23, 2017, 10:57 pm

Extremely generous user, bought me a UBER upgrade. Thank you very much :))

05317832892 - February 24, 2017, 12:48 am

I would like 3pic.

I think I deserve this because I frequently contribute to this forum with free source code releases in the Python section.

If you check my threads you will see I have written a long list of programs:

- Username checkers/OG scrapers
- Password stealer
- Keylogger
- The base for an IRC botnet

Fortiond - February 24, 2017, 1:21 am

Upgrade : L33t

Why do you deserve it : I have helped community in various ways and I hope to continue doing them. You can see that from my rep. Also I have contributed to .Net section with open source projects. If I could get L33t I can start selling things on Premium section too. So that I can make few bucks ?

Thanks a lot !

Plugs The Plug - February 24, 2017, 1:45 am

Hi Riley,

Thanks a lot for doing this, it is very appreciated by me, as for all the giveaways because instead of using them yourself, you are giving them to us, it's amazing of you to do.

I would really like to get upgraded to L33T because I have been on here for a few weeks now and all I have done is try to help people with their questions, I have given suggestions to people and even taught people some new things that helped them out quite a bit. I feel like having L33T will also motivate me to keep posting as much as I can while also making sure to keep those posts HQ. You can see by my introduction thread when I first joined that I put more effort into it than most people do, because I care about doing good posts and I hope people can see that.

I am currently saving up for something I have been wanting for a while, so I have no money to spend on upgrading myself, so this would be great if I was one of the people to win this.

Thanks again Riley, very appreciated.

?

Nate - February 24, 2017, 7:34 am

I would love to win an 3p1c upgrade, I've done much on this site, I've donated a lot. And Now that I'm a broke college student, I can't afford to pay for 3p1c, as I rather spend my money on food haha.. But thats my reason. Looking forward to the 3p1c benefits.

AlphaIndustries - February 24, 2017, 7:38 am

Great giveaway, I would like to win the 3p1c upgrade because I hate deleting old pm's to get space for new ones.

Reeces - February 24, 2017, 7:46 am

Hey, I don't necessarily deserve the upgrade more than some others here, but I'm trying to be a HQ member, trying to make sale threads, trying to get I voiced in multiple different areas of the site, and having that little upgrade hielps alot when it comes to interaction and dealing with other members on the site.

NA Riven - February 24, 2017, 7:58 am

I'd like a upgrade to EP1C cuz I like HF alot, I am doing free GTA Cash lobbies and I report people for free with my report bot :3

~~((HACKER))~~ - February 24, 2017, 8:05 am

First of all, Thank you for hosting this contest.

I deserve to be an because I have been a loyal member of HF since 2011.

In these five years, I helped a lot of users and still helping. I contributed many things to HF members. I'm a member who likes to help others. I constantly try to stay HQ.

Besides, I have Earned Respect and Gained a lot of Knowledge and still learning.

If I get an upgrade, it will spur me to do more. It will be an honor to win this competition. Rest, the decision is in your hands.

Regards

((HACKER))

No?orious - February 24, 2017, 9:58 pm

Thanks for the contest, Riley.

Would like to join for the chance at gaining Ub3r status.

As for why; I don't have much credibility on here other than talking to other users and helping them out with their problems as with my own. Not much other than being a counselor over the years on HF really, but I hope that with all the talking to users that I've done it's made much more of an impact on them than I'd realize. From talking to people about overcoming an addiction, losing a loved one or pet to even wanting to end their life. I've talked through it all, even if I was getting trolled I still talked, it's strange because I really only joined here to learn how to boot people off Xbox Live back in the day. Lmfao. Still thought I would like to join in for a chance at the contest. & I love the blue username.

Thanks for the opportunity once again and goodluck to all the rest entering who have contributed to HF.

01001 - February 25, 2017, 2:18 am

First of all, I'd like to thank you for holding this contest.

If I get a chance, then I'd love to get an Ep1c status. Reason being, I've been on Hack Forums for a long time, and in this timeframe, I tried my level best (and still striving) to help everyone in every possible way. Whether in terms of knowledge, content creation, marketing, etc.

By winning this contest, it will motivate me to do more.

Lastly, I leave everything at your discretion. I'm sure that your excellent sense of judgment will be wise and shall be embraced.

Regards
01001

Thank you for this nice contest!

I think I deserve an upgrade as I have been constantly helping out people by doing free graphics for them, whether it's for their own upcoming brand or a logo, signature, YouTube banner, anything you can imagine.

I don't have the money myself to upgrade, as my job doesn't really pay off and I don't charge for graphics.

Thank you for this opportunity!

members of my choice. I wanna gain more trust because I think l33t is an good opportunity for me to show around my self in the market place and also be a supportive member and always be active on HF. I hope I get this upgrade.

I am applying to win .

I Think i deserve it because I made many contributions to the community since 2014 . I have hosted 2 giveaways myself . I'm always trying to be helpful and HQ member as much as i can . This community taught me a lot . So, I'm trying to be a prominent member and return the favor . Beside that many sections in HF require upgraded members only to post . Thus a L33t upgrade will be very helpful .

Thanks For the contest by the way .

Fresh Khalifa - February 26, 2017, 3:04 pm

It was just few \$ through paypal on small favors section. Been here since 2012 and I still do browse alot on HF :). And oh, I do sometimes help people on Innuendo section through PMs :p

Good luck everyone!

Almighty Koen - February 27, 2017, 8:02 am

Gr3yWolf - February 27, 2017, 10:15 am

I deserve to be upgraded on Hack Forums, due to me giving out amazon gift cards towards people in the past and being active. My account age is - 376 Days. I would be very appreciative of this and it would be nice to have an upgrade from a kind sir like you.
