I don't see any issues with that name. I have seen more insulted ones and didn't get reported.

I agree with this guy. Why on earth does the users name bother you so much? Does it make your butthole tingle?

The account looks to be compromised anyway... check his rep.

e?erg1zer - February 23, 2017, 12:42 pm

I've seen far worse, of which nothing was done about. If it doesn't personally offend you (or anyone else, realistically), I'd leave it alone. Let staff handle it if they deem necessary.

On-topic:

I wouldn't report it really tbh, just leave it.

Nah. He's just a cock. That's it. I think that's his real name.

Last Session is an instigator, there's nothing that can be done to not aggravate him one way or another/

Thanks to everyone else.
