I realize this idea isn't unique or anything but this seems to be the best way to give back to the hackforum community. I've never done any professional vo work but I have recorded a few samples as favors for friends in film school. Preferably nothing extremely long and I'll reserve the right to refuse requests. I'm also absolutely terrible with impersonations but if you're really lucky I may give it a shot.

Anyway, on to what you all really want to know. Here is a little [sample](#).

What the fuck did you just fucking say about me, you little bitch? I'll have you know I graduated top of my class in the Navy Seals, and I've been involved in numerous secret raids on Al-Quaeda, and I have over 300 confirmed kills. I am trained in gorilla warfare and I'm the top sniper in the entire US armed forces. You are nothing to me but just another target. I will wipe you the fuck out with precision the likes of which has never been seen before on this Earth, mark my fucking words. You think you can get away with saying that shit to me over the Internet? Think again, fucker. As we speak I am contacting my secret network of spies across the USA and your IP is being traced right now so you better prepare for the storm, maggot. The storm that wipes out the pathetic little thing you call your life. You're fucking dead, kid. I can be anywhere, anytime, and I can kill you in over seven hundred ways, and that's just with my bare hands. Not only am I extensively trained in unarmed combat, but I have access to the entire arsenal of the United States Marine Corps and I will use it to its full extent to wipe your miserable ass off the face of the continent, you little shit. If only you could have known what unholy retribution your little "clever" comment was about to bring down upon you, maybe you would have held your fucking tongue. But you couldn't, you didn't, and now you're paying the price, you goddamn idiot. I will shit fury all over you and you will drown in it. You're fucking dead, kiddo.

Spoiler ([Click to View](#))Hello, I am currently 15 years old and I want to become a walrus. I know there's a million people out there just like me, but I promise you I'm different. On December 14th, I'm

moving to Antartica; home of the greatest walruses. I've already cut off my arms, and now slide on my stomach everywhere I go as training. I may not be a walrus yet, but I promise you if you give me a chance and the support I need, I will become the greatest walrus.
