ToXiiC - June 10, 2018, 10:38 am

To everyone who has had to wait at all, you will get your funds and I am sorry for the inconvenience. Any of you who message me daily have probably noticed the negative changes. Just so everyone knows, this has been due not only to stresses in my life, but to me making changes in my "business model" I guess you could call it. The changes are so I can take this exchange business to the next level and make it official. Once every problem is sorted out everything will be smooth as butter again. For now, I am going to take care of any waiting customers on here and then close this thread for maybe a day or two while I sort some stuff out so that I can fully focus on my guaranteed return customers and they don't feel the effects of any changes. To the 2 posters above me talking about waiting, I remember your transactions from last night and going to take care of you guys right now while I am online.

With that being said, thread closed for small break. Be back soon. ?

Vouch for OP, received the promised \$160 in a timely fashion and a little extra. Thanks and wouldn't hesitate to deal with again. I'm doing a \$400 deal in the coming weeks and he made me comfortable to use him for the transaction. Good doing business

angusburrito - August 25, 2018, 5:05 pm

Over the past two weeks I have done two transactions with OP valued at a collective \$500 and have not had a problem, granted he does take a little while to complete transactions sometimes, I would personally only deal with caution if I was pressed for time lmao, just kidding ToXiiC is a good guy, just don't be so impatient and as with any deal stay on top of the person until complete.

To much fraud, most new members and a lot of l33ts, I don't accept. With a %10-15 profit margin, fraud/scammers will make me starve, you literally can't be to careful in this business.

Haha, my bad I'll send you money for this or something. Been a horrible day, dropped my \$800 iPhone with my authy and access to everything in water and it sizzled... finally got it replaced and had to drop a whopping \$407 to end up with a new phone today (same day) so I can get shit done. Anyways, looking forward to talking to you when you get online. I'll compensate the wait man, just feel free to kindly message next time you are online. ?

To everyone else, online and back in action. ?

EDIT: Just an FYI, everyone has been paid and there aren't wait times anymore I am fully stocked at all times now... the only issue today was my phone, I didn't have access to anything until like an hour ago.

You know what, my bad. After posting here I was contacted by iceposeidon and I didn't bother to pay attention to the original thread starter. I apologize for directing negativity towards you. For the record this guy has now blocked me (iceposeidon) and jacked me for 18\$. Pretty damn low. Not even about the money, and he even has some girl Jessica Williams trying to accept deposits for him. Here is the breakdown in case anyone else is contacted by this clown.

From @iceposeidon :

Yesterday, 08:52 AM

To: AtlantisVip

Hey I sell BTC, pretty reputable as well.

If you wanna buy some since your new I'll exchange 1:1 with you when I normally charge a fee.

If you are interested add me on discord since you can't PM on here since your new:
rustycheats#1519

Selling BTC/ETH/LTC for Cash App/PayPal .

Yesterday, 10:21 AM

To: iceposeidon

Never used Discord but I'll figure it out. I really appreciate your help, I want to donate to a fellow member for helping me out here on the forum.

Yesterday, 10:24 AM

To: AtlantisVip

No need to donate but I would appreciate an exchange! It's all good if you can't get discord working

I have \$15 BTC and need \$15 Cashapp!!!

My cashapp is \$jwilliams00essica

Once you send it send me a message with your BTC address and I will send the bitcoin immediately and give you positive rep for the trade:)

Yesterday, 10:52 AM
To: iceposeidon
Can i pay you with paypal using that?

Yesterday, 10:54 AM
To: AtlantisVip
I'm only accepting cashapp right now.

It's super easy to use! Just download cashapp on your phone from the App Store on iPhone or android. It's really simple, you sign up with your email and just put in your card. It's made by square and it makes everything so much easier.

Once you setup it up, just click pay \$15 and put in my tag \$jwilliams00essica

Does that work for you?

Yesterday, 11:10 AM
To: AtlantisVip
Brother man have you gotten cashapp to work? If not I suppose we can use PayPal just this once

Yesterday, 11:11 AM
To: iceposeidon
DonE! I don't know if my wallet address went in right. Here is another if not. THANK YOU!! I owe you!

Yesterday, 11:14 AM
To: AtlantisVip
I see it! But once I accepted it, it says failed :(

You should be able to see it on your end that it failed as well. I've seen this happened before ldk why it does it the first time

Can you try to send the \$15 again to the same address? If it fails again we will try another way!

Yesterday, 11:18 AM
To: iceposeidon

The payment came back as cancelled on cashapp.

Yesterday, 11:17 AM
To: AtlantisVip
Actually hold up, try to send the 15 to my buddy's cashapp \$generalflossy

He's used it longer maybe it won't fail to him

Yesterday, 11:20 AM
To: AtlantisVip
He send it's down for payments over \$10

So you have to send \$8 and then another transaction for \$7. I'm stupid I'm sorry try it like that to

\$generalflossy

Yesterday, 11:23 AM

To: AtlantisVip

Wow this is crazy everything fails!!!! Wtf!!!!

Well I guess we gotta use PayPal lol

You can send as friends and family to jwilliams00essica@outlook.com

There's no way this fail! Lol

Yesterday, 11:30 AM

To: iceposeidon

Sent 18 for any fees :)

Yesterday, 11:43 AM

To: iceposeidon

Everything good?

Yesterday, 12:12 PM

To: iceposeidon

Did I get jacked? lol

Yesterday, 02:36 PM

To: AtlantisVip

Hey bro sorry I thought you gave up after it failed from cashapp so I got off for a while lol

You didn't get jacked my bad I should have checked back earlier Idk what I was thinking.

I'm so sketched about using PayPal because of chargebacks when it comes to BTC but because of all the hassle Ive put you through we can just use it if we have to.

Is there anyway you can try cashapp 1 more time and send the money to [\\$jwilliams00essica](mailto:$jwilliams00essica) and if it works this time I'll refund the PayPal money, and if not we will just do the deal using the PayPal you already sent and I'll just send over the BTC if the cashapp fails?

Thanks for understanding and I apologize for being late to respond!

Yesterday, 03:00 PM

To: iceposeidon

To be honest, considering you still owe other people BTC I'm not at all comfortable doing that. I think you should send me my BTC or refund me now.

Yesterday, 03:01 PM

To: AtlantisVip

Those are already being worked out my man

If I was trying to scam I wouldn't message you at all! So can we try the cashapp one more time I

hate PayPal ;/

Yesterday, 03:06 PM

To: iceposeidon

This thing does not let me message more than once every 15 minutes or so. Send the BTC and I will do it. I think I have proven to hold up my end.

Yesterday, 03:12 PM

To: AtlantisVip

Yeah ldk why it does that,

You don't have an account on the line if you scam you lose nothing if I scam I lose this account I've used for a while now. I'm working out deals with the others as PayPal held their funds for suspicious activity but yours didn't. There's always another side of the story.

If you could just try one last time to send \$15 to \$jwilliams00essica one more time, if i see it doesn't fail I will immediately send the BTC and refund the PayPal. If it does fail, I'll send your BTC and we will be good. PayPal is just really sketchy.

Thanks for understanding!

Yesterday, 03:14 PM

To: iceposeidon

Send the BTC first or refund me now. I'm done with this.

Yesterday, 03:28 PM

To: AtlantisVip

Ugh this is why I don't deal with new users.

Why are you trying to make this difficult! Just do as I ask please, either way you get your BTC you are just prolonging the time it takes!!!!

I won't be responding unless it's you saying you tried to send the \$15 to \$jwilliams00essica and are now sending me your BTC address!

----- HE STILL GOT HIS PANTIES IN A WAD!! DAMN CRACK HEAD!!! ----- ? ? ? ?

Damn? he got closed? I just did a deal with him a few hours ago not knowing that he got closed. It was just \$40 PP for his BTC though and he sent me the BTC within a few mins. I hope OP settle all the dispute and refund the money or send their BTC.
