Thread: [What's your favourite swear/insult/curse?](#)

th3s3cr3t0n3 - February 24, 2017, 5:42 am

As the thread describes. What's your favourite disgusting/vulgar/insulting remark? Can be anything at all.

Cunt's obvious, but the combination if revolting, pathetic cretin goes up there. As does scum bag.

Darrell - February 24, 2017, 5:42 am

phunted - February 24, 2017, 5:43 am

Are you a cynic or something?

Apocryphon - February 24, 2017, 6:15 am

I like to use the words moron and smartass.

Kashira - February 24, 2017, 6:15 am

"Idiot retard" is probably my most used phrase, I say a lot of my insults with retard in them.

Retard is one of my weapons of choice also, combining it with other words can change things up. But a very stern "Oh, you, fucking, RETARD" definitely gets the intended message across.

Good stuff people. They will preserve these writings for viewing of the future of mankind.

Loving the creativity or lack thereof! I was expecting some physically repulsive insults! Are the Americans still asleep or something?

I like "cunt" the best the word carries so much meaning, if you say it to a women their reaction is priceless. Girls will bug the fuck out if you call them a cunt. I like the reaction it gets from the female race.

th3s3cr3t0n3 - February 24, 2017, 8:24 am

Okay so clearly Cunt is the favourite. Any others more creative ones? I want to really upset some people.

Ladicius - February 24, 2017, 12:36 pm

Though common, "dipsh*t" is a great one for letting out anger. You can really spit it out.
